# After EMMA, what...

## Specific to EMMA:

- In addition to the final/technical reports, we can do more documentation –
  - Write-ups/videos/albums of success stories, personal stories to tell
  - Narratives of how EMMA's impact on the partner-universities, impact in the country
  - Documentation of issues/problems/obstacles
  - Statistical data analysis (?)
- Continue webpage/website with relevant updates, stories, etc.

# After EMMA, what....

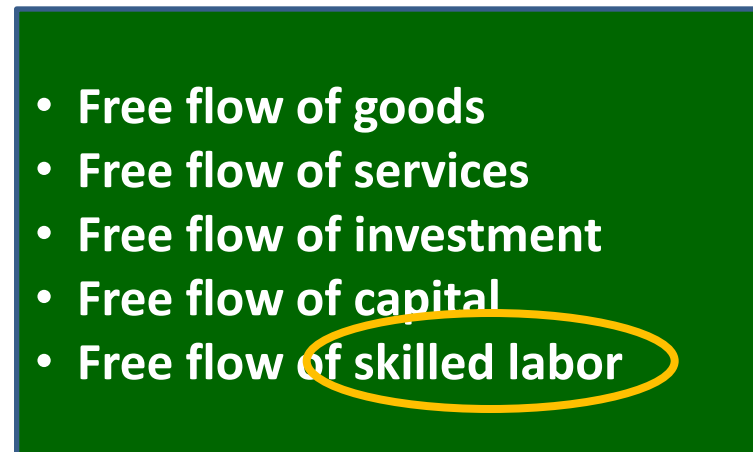

## Beyond EMMA:

- Build on connections/contacts made during EMMA
  - Pursue bilateral agreements (university to university) with different activities:
    - Joint research
    - Joint supervision of thesis
    - Visiting positions
    - Twinning/double diploma
    - Etc.
  - Some of the above can be done on a more informal level; other activities will require more “official” action
